- Rex:** It's time to go on an adventure!
- Narrator:** Rex pressed the EXPLORE button on his phone and all three of them vanished. In a flash, they found themselves on a spaceship.
- Dave:** Where are we?
- Carl:** It looks like a spaceship!
- Rex:** Yeah, but what are we doing here?
- Narrator:** Just then, the computer said something in a robotic voice.
- Computer Voice:** Planet Earth is at war with several alien armies.
- Narrator:** Dave saw something outside the ship.
- Dave:** What is that?
- Computer Voice:** That is a Roltan spaceship.
- Rex:** They must be one of the armies that are at war with Earth!
- Carl:** We have to save Earth!
- Narrator:** The computer printed out a description of the Roltans. It said that the Roltans were only four inches tall.
- Carl:** They shouldn't be too hard to beat.
- Computer Voice:** They are small but dangerous.
- Narrator:** The boys saw a flash of red light come from the Roltan spaceship. It was a laser attack!
- Rex:** Hold on!

## Alien Attack page 2

- Narrator:** The whole ship shook from the laser blast.
- Carl:** Ahhh!
- Dave:** Ahhh!
- Narrator:** There was another laser blast from the Roltan ship. The force of the attack threw the boys to the ground.
- Rex:** It's time to fight back, guys!
- Dave:** What can we do? We don't know how to work this spaceship.
- Carl:** Yeah. What if we push the wrong button? We could blow ourselves up!
- Rex:** Don't worry, boys. I know what I'm doing
- Narrator:** Rex was worried. He didn't know what he was doing.
- Carl:** Maybe we should pull these levers that say 'Fire.'
- Rex:** Good idea, Carl!
- Narrator:** The boys pulled the levers and shot a laser at the Roltan spaceship.
- Dave:** Where did they go?
- Rex:** I think we scared them off!
- Narrator:** For few seconds, it was quiet. Then the boys heard the Roltan spaceship.
- Dave:** They're above us!
- Carl:** Look out!
- Narrator:** As the Roltan ship got closer, the boys looked around the control panel, trying to figure out what to do.
- Rex:** Let's try pulling this joystick.
