

SCIENTIFIC TERMS OR SCIENTIFIC INQUIRY

Instructor's copy

Each of the following words is either a scientific term or related to scientific inquiry. Scientific terms will name something from the field of science, such as "chemical" or "ellipse." Scientific inquiry words will refer to ways scientists study the natural world, such as using "mathematics" to "predict" how far an object will travel. Below, write each word from the box under the correct apple.

determine	calculus	gravity	mass	equation
velocity	force	experiment	orbit	motion

Scientific Terms

_____ **velocity** _____

_____ **gravity** _____

_____ **mass** _____

_____ **orbit** _____

_____ **motion** _____

_____ **force** _____

Scientific Inquiry Words

_____ **determine** _____

_____ **calculus** _____

_____ **experiment** _____

_____ **equation** _____

_____ _____

_____ _____
