At the core of the Language Arts instruction for Engage Literacy are the Teacher’s Resources Guides. These resources provide a program and components overview as well as instructional support for each title in the Engage Literacy program. These comprehensive, easy to use teaching notes with blackline masters provide an instructional road map teachers can use to Engage their students in their language and literacy development.

**ENGAGE LITERACY TEACHER’S RESOURCES (TRG)**

**INSTRUCTIONAL DESIGN**

Each TRG provides an overview of How to use Engage Literacy in your classroom. This page outlines a possible literacy block model incorporating whole class and small group instruction and lesson review and assessment.
The TRG provides 2 pages of Language Arts instruction for each title. The lessons are designed to provide the teacher with a content synopsis of each title including level and word count. Provides teachers of all comfort levels with Guided Reading: a scaffolded instructional plan for using the Gradual Release model for instruction. Additionally, there is explicit instructional support for every title in the program for teaching:

- Comprehension
- Phonological awareness/Graphophonics
- Vocabulary
- Text Conventions
- Writing
- Fluency
- English Language Learner supports

BLACKLINE MASTERS FOR EVERY TITLE
There are 3 blackline masters for each title in the Engage Literacy program. These BLMs are used for assessing skills taught in the lesson and can be used for periodic/formative assessment.

ORAL READING RECORD
Engage Literacy provides an Oral Reading Record for each title. This assessment tool can help show progress and can also be used as summative assessment.

ALTERNATIVE FORMAT FOR TEACHING NOTES
Customers purchasing the Bookroom version of Engage Literacy will receive the individual tri-Fold teacher notes for each title. This includes the 2 instructional pages, 3 BLMs and the Oral Reading Record in one easy to use format. This version does not include program overview and the How to use Engage Literacy in Your Classroom page.
WONDER WORDS

Wonder Words has 23 leveled story books for introducing and teaching the first 100 sight words. Some words don’t lend themselves for decoding, yet are integral to students’ literacy development. This innovative approach to teaching sight words through story will motivate even your most reluctant student.

DESIGNED FOR:
➤ Early Literacy development
➤ Instruction of high frequency words
➤ Intervention for students struggling with literacy development
➤ English Language Learners

HOW WONDER WORDS WORK:
➤ Each of the 23 Wonder Words stories is carefully leveled and focuses on specific high frequency words
➤ Each story has a word list and introduces 3-6 new Wonder Words (high frequency words) in a real literary context
➤ Each successive story has a new Wonder Words list
➤ Total of 23 stories = 23 word lists
➤ Designed to be introduced in sequence, the stories teach children their first 100 sight words progressively; as new words are introduced in one story, they are reinforced and repeated in later stories

THE WONDER WORDS TEACHER’S RESOURCE GUIDE INCLUDES:
➤ Short introduction on how to use Wonder Words
➤ One page instructional teaching note and 3 BLMs for each title
➤ Additional resource BLMs

"We weekly use the Wonder Words piece and the kids get excited that the stories build on previous words and they do a scavenger hunt to find words that we've already added to the word wall."

Comprehension in Engage Literacy

Each lesson in Engage Literacy provides multiple access points to teaching comprehension strategies during Guided Reading. Because Engage Literacy was written as a continuum of instruction, the comprehension strategies are repeated as students progress through the levels (spiraling). Each Engage Literacy lesson provides 3 instructional sheets, with a minimum of one focusing on comprehension.

The chart below shows the comprehension strategies covered by grade, and by level within Engage Literacy.

---

Lucy could not believe her luck! Her teacher, Miss Cruel, had picked her to be a prince in the school play.

Lucy was really happy. She was going to be ripe... a part given to Captain Hook, help. Lucy seemed to be the first person ever.

---

There are farms all over the world.

Most of the food that we eat comes from farms.

Other things that we use every day come from farms, too.

Some farms have plants, and other farms have animals.

There are farms in many different places...

Some farms have beautiful green fields.

Others are in places that are hot and dusty.

There are even farms that are in water!

Some farms are very large, while others are very small.

But all farms are really important to us.

---

Now you need to think about who will be in your story.

Your story could be about your friends or family.

It could be about dogs, horses, or even dragons.

They will be the characters in the story.

What are their characters like?

Are they strong?

Are they kind?

Are they good, or are they bad?

Are they brave, brave, or weak?

**What Is a Machine?**

A machine is something that has been built to make a job easier. Machines are all around us, and we use them every day. A toy is a machine because it makes it easier for us to get from one place to another. An oven is a machine. It makes it easier for us to cook our meals. Drains are machines that help us to know the time.

Machines can also be simple things. A wheelbarrow is a machine and so is a car. Over the years, there are many machines that help us to know the time.

A Balanced Literacy Solution

Engage Literacy en español is a flexible program that can meet a wide range of your literacy needs. The program can serve as an alternative resource for your balanced literacy block with an individual, small-group, or entire classroom and support your Emergent and ELL learners. These transadaptations were carefully adapted using the authentic intent of each title, while directing sentence patterns in Spanish, thus facilitating a natural progression up the levels. Transadaptations preserve the same conceptual load and level of the English leveled readers to maintain students motivation and engagement through the reading process. Use of Spanish high frequency words yields Spanish texts that are correctly leveled, constructing naturally sounding sentence patterns, based on oral language, and developmentally appropriate for early literacy in Spanish.

Engage Literacy en español features

- Highly engaging and humorous stories
- All titles precisely leveled to ensure student success
- Fiction and nonfiction pairs matched by theme and level
- Comprehensive teacher support
- Recurring characters to support comprehension

Program Levels 1–8

1-2 3-5 6-8

"I love it! The paired text has been extremely valuable as we make connections, use prior knowledge, and discuss the difference between fiction and nonfiction. I even suggested to teachers on my team that they come and borrow some of the paired text as we explore the differences in the genres."

**PUSHES AND PULLS**

Welcome to the fantastic world of forces and motion. Forces are everywhere in our lives. So are things that are in motion. They are in our homes, on the street, in the air, and in nature. They’re everywhere. When you know about forces and motion, you’ll easily be able to spot them.

What exactly is a force? It’s simply a push or a pull. So if you push on something, or pull on something, you are making a force. When you push or pull on a door to open it, you’re making a force. And when you push on bicycle pedals you’re making a force.

The forces that humans make are not the only forces. When the wind pushes on the blades of a wind turbine, it’s making a force. When a tug pushes a giant cruise ship, it’s making a force. Just when a rocket engine pushes a rocket into the air, it’s making a force.
