

Make Your Own All-About-Me Box!

Divya's all-about-me project reflects her interests, who she is, and her family relationships. Now it's your turn to create a similar project! Think about what is most special to you and represents who you are.

What You Need:

- ☆ paper
- ☆ pen or pencil
- ☆ shoebox
- ☆ construction paper, stickers, or paint for decorating the box
- ☆ scissors
- ☆ 4–6 personal items

What You Do:

1. Brainstorm a list of items you want to include in your project. They can be personal items, new items, or family heirlooms. (Think about why each item is significant to you.)
2. Use your paper and pen or pencil to make a list of the items you came up with.
3. Find a shoebox or another type of small box to hold your special items.
4. Use paint, construction paper, or other materials from around your house or classroom to decorate the box. Don't forget to include your name!
5. Collect the items you would like to include. You can also ask a family member or friend to help you.
6. Share your project with your family and friends!
